How long have you been with Reach-Up? 22.5 years

Fun Fact about you: I am a Pitbull and pet rat fanatic!

Most exciting part of your job? I love the relationship and rapport I get with families! I enjoy learning about their culture, language and traditions!

Least favorite chore around the house: I absolutely HATE cooking! I don't have the time or patience for it. However, I LOVE to eat!

If you could take three items on a deserted island with you, what would they be: 1. All of my kids and my grandbaby (which aren't items but 6 humans)
2. Music for our dance party
3. A boat to get off the deserted island

The safest way to experience fireworks is at a professional show. If you know someone who plans to set off fireworks at home, share these safety tips:

- Only adults should light fireworks/sparklers
- Never use fireworks/sparklers indoors
- Have water nearby in case of fire
- Light one at a time
